

## *Ericka Young's Biography*

Ericka Young is the president of Tailor-Made Budgets. After 7 years of working in the semiconductor industry as an engineer, Ericka decided to help others gain control over their money through personal financial coaching. Her love for numbers and data crunching translated easily into analyzing financial information. Ericka knows how to help you navigate the financial waters because she did it herself. She and her husband, Chris, dug their way out of nearly \$100,000 in debt. Now, through her monthly e-newsletter, personal coaching sessions, workshops, and speaking engagements, Ericka is helping many people significantly improve their finances, families... and most importantly their futures. Ericka is a certified financial counselor by Dave Ramsey's Lampo Group and is now helping her clients give their dreams a place to flourish everyday.

Tailor-Made Budgets has been featured in several local newspapers including the Arizona Republic, the East Valley Tribune, the Gilbert Republic, and the Arizona Informant. A highlight of the media buzz was a FOX10 news spot at primetime in August 2007! Ericka is now teaching classes at Chandler/Gilbert Community College and increasing her speaking engagements. In addition to this growth Ericka pursued mentorship by a nationally recognized financial coach by the name of Glinda Bridgforth.

As a result of this divine connection, Ericka is now one of her associates and coaches clients all over the country. Ericka now enjoys a more balanced and fulfilling life with her husband Chris and their two daughters, Faith and Olivia.
